

PRAKASH GOUDA

Full-Stack Software Developer

Siddapura, Karnataka | 9353981311 | prakashgouda5002@gmail.com | LinkedIn | GitHub

SUMMARY

Junior software developer with hands-on experience in Java and Python programming, and front-end and back-end web development using JavaScript, React.js, Node.js, and Express.js. Solid grounding in HTML, CSS, and database fundamentals across SQL and MongoDB, with skills in version control (Git, GitHub) and UI/UX design principles. Comfortable working across the software development lifecycle (SDLC) from design to implementation, with strong problem-solving skills and a focus on writing clean, maintainable code. Completed a BCA in Computer Science; eager to contribute to a full-stack software development role and grow technical expertise.

EXPERIENCE

Full-Stack Software Developer Intern

Jan 2026 – Mar 2026

Ahana Info Tech, Sagara, India

- Designed and developed a responsive personal portfolio website using HTML and CSS, applying UI/UX best practices.
- Built clean, intuitive UI layouts and structured content sections for projects, skills, and information pages.
- Implemented responsive design across mobile, tablet, and desktop breakpoints to ensure cross-device compatibility.
- Optimized layout, typography, and visual hierarchy to improve accessibility and overall user experience.
